

# KNIGHT'S NEWS

## THANK YOU

To our patrons who have continued to show support over the past 18 months, thank you! There were times when we did not know what our future looked like, but we are surviving the pandemic, thanks to our loyal friends and family. Thankfully all Knight's companies are back to 100% capacity, with safety always on our minds for our guest and employees. We were even able to add an additional company during all the madness. If you have not checked out Knight's newest venture, please visit Knight's Southside Market.

## KNIGHT'S GOES SOUTH

Knight's Southside Market opened their doors May 19th, 2021. Opening a new business during a pandemic is anything but easy but the result turned out beautiful. The market has a gorgeous meat display case, a full deli meat & cheese counter, Knight's prepared meals, Knight's baked goods, gourmet groceries and much more. The market will also be selling beer and wine soon, too. If you have not checked it out already, get there fast!

## EMPLOYEE SPOTLIGHT!

**Casey Slack**  
Kitchen Manager

**Knight's  
Steakhouse**

- Ann Arbor, Mi.

Casey began working for the Knight family in 2013 as a line cook at Knight's on Dexter. In 2016, Casey was promoted to be the Assistant Kitchen manager. His hard work and dedication has made him a true leader in the Kitchen. Casey manages the kitchen with his positive attitude and always stays focused when the kitchen is at its busiest times. Today, Casey is one of the Kitchen managers at Knight's on Dexter.

Casey lives in Chelsea with his wife Elizabeth, their son Carson, 11, and Max their 10-year-old puggle. One of his biggest hobbies is cooking, so even when he is home he enjoys cooking delicious meals for his family. Casey's favorite Menu item to eat at Knight's is the "Yribar Special". You cannot find this item on our menu but it is available for anyone that knows about it. The dish is a blackened New York Strip drizzled with Cajun port wine cream sauce served over rice pilaf. If you have not tried this, we highly recommend it - it is delicious and so is Casey's cooking.

Event organizers and just about everyone else who hosts and feeds a lot of people know that catering can make – or break – the event. It's what people remember, enjoy, and talk about. That is why Knight's Catering ensures that everything is done right and exceeds expectations. Our catering includes the same great food, beverage, service, and value we have been serving customers in our Steakhouses and Markets for decades. We use the best meat from our own Knight's Market butcher shop and many of the same recipes that keep our customers coming back. Let us do the same for you! ## KNIGHT'S AIR ROASTED COFFEE

Knight's Southside Market is Air roasting their own beans and selling the coffee at all three restaurant locations. The Coffee beans will soon be available for purchase at both Knight's Market and Knight's Southside Market.

What sets air roasting coffee beans apart from other beans? Air roasted coffee beans are roasted on a fluid bed of hot air as opposed to the traditional method of tumbling in a hot steel drum. These producers air roast their coffee beans because the

method is faster, cleaner and easier to duplicate batch after batch. Coffee drinkers who prefer air roasted coffee insist the taste is smoother and less bitter than traditional drum roasted coffee. Check out our delicious "Leave as Friends" Coffee Beans at any of our restaurant locations now!

Soon, you will be able to find our seven different flavors of Air roasted coffee beans for sale at Knight's Market and Knight's Southside Market.
